ROTARIANS PROPOSE TO AID LA RETAMA LIBRARY PROJECT

COMMITTEE TO WORK OUT PLAN
FOR RE-ESTABLISHING LI-
BRARY WAS APPOINTED
AT THURSDAY RO-
TARY LUNCHEON.

C. B. Gillespie, Managing Editor of
Hastings Chronicle, Addressing
Rotarians Praised the Corpus
Christi Spirit.

D. R. Lasher suggested at the
Thursday luncheon of the Rotary Club
that Rotarians immediately interest
themselves in assisting La Retama
Club re-establish a public library in
Corpus Christi.

Mr. Lasher pointed out that La Retama
Library recently was damaged by fire
in the Loveland building and that its 2100 volumes in the
library shelves were badly damaged by
the smoke and water.

It had been suggested by the young
women of La Retama Club that they
are ready to step aside and assist in
the organization of a Corpus Christi
Literary Association that will secure
more suitable quarters and enlarge the
library.

Mr. Lasher suggested that Rotarians
assist in such good work, pointing out
the advantages that accrue to the city
as the result of a good library being
available from town and visitors.
He desired that the Rotarians con-
tinue their assistance to La Retama
in such a wise understanding.

A committee composed of David R.
Locier, Donald Givens, H. R. Watt, Dr.
Harry G. Dainger, Thomas Bell and
John W. Sherton was appointed to
work out a plan and report back to
the club next Thursday.

The proposed for operating a special
project from Corpus Christi to the
State Fair in San Antonio at Dallas
Candler H. S. was discussed briefly
and a committee appointed to work out
the detailed plans and report back to
the club not later than Thursday, Aug.
25. Members of the committee
named as President Baldwin were
Frank H. Harrison, George Johnson, A. G.
Allen, W. F. Wright and T. B. Martin.

C. B. Gillespie, managing editor of
the Abrahams Chronicle, who with his
family is in the city on vacation this
weekend, the Rotarians. He suggested
that Corpus Christi and Abrahams
should be well advised to take in
the matter of marking the auto road
from Houston to Corpus Christi and
also devote their efforts to having the
route placed in the best possible
shape.

Mr. Gilstrap was complimentary in
his reference to Corpus Christi, es-
pecially praising the Nueces County
roads, street paving and the light
improvement work. He said that this
is the first real visit to Corpus Christi
within the past ten years and that
everything in this city seems new to
him but the "Corpus Christi spirit."

Our Corpus Christi spirit in some
degree has always challenged my sim-
plicity and admiration," said Mr. Gillaspie.
"I have always wondered at the ease with
which you have managed to make many
attractive improvements. You are
certainly to be congratulated on your
efforts."

Mr. Gillaspie suggested that it might
not be a bad idea for Corpus Christi and
Houston Rotarians to work to-
gether in getting up a South Texas
Rotary special train to the Texas State
Fair at Dallas during October.

Dr. T. J. Pugh and Robert W.
Sherton briefly outlined the work of
the American Red Cross society and
invited Rotary assistance in the
organization of the Corpus Christi Chapter.

CULBERSON CLUB IS VIGOROUSLY WORKING FOR BIG MAJORITY

HON. ALLAN D. SANFORD OF WACO
TO SPEAK IN NUECES COUNTY
IN INTEREST OF SENATOR
CULBERSON.

Enthusiastic and Well Attended Meet-
ing of the Nueces County Culberson
Club Was Held Last Night.

At a well attended meeting of the
Nueces County Culberson Club held
last night at the City Hall piano for
conducting a vigorous campaign
throughout Nueces County in the
interest of the reelection of Senator Cul-
berson were perfected. The reports of
the membership committee showed
that within the past three days four
hundred and twenty-five Democrats
of Nueces county have already joined
the club and hundreds of others are
expected within the next few days.

It is expected that arrangements will
be completed by Saturday for three ad-
dressess to be delivered in Nueces county
during the last week of the cam-
paign. The South Texas Culberson
Club through secretary J. C. Hartman
of Houston has announced that Hon. Allan D. Sanford of Waco
will speak in Nueces County in the
interest of Senator Culberson.

The tentative arrangement is to have
Mr. Sanford speak at the Astorian
Pavilion on next Wednesday night, fol-
lowed afternoon of Bishop and on Thurs-
day night at Rockport. Definite ar-
rangements will be presented to the
club at a meeting to be held at the
City Hall on next Monday night.

Those who attended last night's meet-
ing, representative Democrats of the
county, were confident that Culber-
son will carry Nueces County by a large
margin in the runoff primary of Aug.
26 if sufficient interest can be
generated to get a large vote out.

The primary election of July 22 Cul-
berson received in this county almost
as many votes as Colquitt, Hem-
phill, Campbell and Davis combined.
Culberson supporters believe that their
opponent will not get at least 50 per cent
of the vote that was cast for Harry
Harrison, Campbell and Davis, which it
will mean a vote of approximately
1,000 out of 1,000 for Culberson in
the runoff.

Mr. Gilstrap was complimentary in
his reference to Corpus Christi, es-
pecially praising the Nueces County
roads, street paving and the light
improvement work. He said that this

are in the city from Houston, for a
few days, visiting the Hill-country
in their automobile. Mr. Laughter
resides in Corpus Christi nineteen
years ago and this is his first trip

Rotary Club, announced that the luncheon
next Thursday will be devoted to a
discussion of dep-water prospects for
Corpus Christi. The speakers will be

Corpus Christi soil is well adapted to
the growing of Mexican lime. Wallace
Tunn, residing on North Carrington
street Thursday placed several ripe
limes on display at Commercial Club
rooms, that were gathered from trees
in his yard. The trees have been bearing
heavily for two years.

morning after an illness that lasted
for several weeks. The funeral will be
held today from the family residence
on Black street.

sobering the best and returned
home convinced that Corpus Christi is

ing the summer months.
